Hi April

Since I have been downgraded to three days this upcoming week and next I have plenty of time to meet and review the attachment with you and Donna. I have a couple of items to discuss as well.

Would it be possible for you and Donna to look at your respective schedules this week or even next and when they intersect I can come in and meet with you off the clock.

I live conveniently nearby so if you can give me a day and time I will simply be there. Just let me know at your convenience.

Thanks.
