

Good morning Mr. Ford.

Thank you for contacting us with you questions. I am happy to help you with this.

1. Is a warranty program offered by an insurance company considered insurance in Alabama? [We do regulate warranty companies but it is technically is not considered as an insurance policy but rather a contract.](#) Is this product covered by the guaranty fund? [No, these would not be covered under the guaranty form.](#)
2. Do I have to be licensed and then licensed with All state to offer this product to the customer? [No, since we do not consider these as insurance policies, you will not need to be licensed to offer these to your customers.](#)

Thank you for contacting us and please let me know if you need anything else.
